Xavier Perche

Dromoland Castle in Ireland has appointed **Xavier Perche** as director of food & beverage. Originally from Lyon, France, Xavier studied advertising and hotel management at Pace University in New York where he also started his career before taking on the role of food and beverage manager at the Hotel Chalet St. Georges in Megeve in the French Alps. Calling Ireland his home since 2006, Xavier is versed in the Irish gastronomy and hospitality industry having held executive management roles at the K Club, Mount Juliet Estate and Northern Ireland's Lough Erne Resort.

His announcement comes on the tails of the Castle's new foraging program for guests where local expert, Oonagh O'Dwyer, brings guests down forgotten country lanes and along quiet beaches to find the best wild ingredients.
