SELECTED CIGARS

Cohiba Robusto -€35.50

Wood and spices are the characteristic flavours of this vitola, and the cigar has a medium to full body.

Cohiba Siglo I -€15.50

The Siglo I is the smallest Cohiba cigar on the market. It does, however, maintain the elegance of a larger Cohiba, and is full of woody, spicy and sweet flavours. This Perla is a perfect companion to your afternoon coffee break, and offers 30 minutes of smoking pleasure.

Cohiba Siglo II -€25.50

The Siglo II is one of the milder Cohibas and one of the greatest petit coronas. Rich and complex with a medium body and earthy and spicy flavours, the Cohiba Siglo II has beautiful light brown wrappers and all the attributes of a fine Cohiba cigar.

Montecristo No. 2 -€29.50

The Montecristo No. 2 is the most famous cigar to come out of Cuba. Its unique character, strength and complexity have made this cigar a true legend. Spicy and woody with an earthy finish.

Romeo y Julieta Petit Corona -€15.50

The Petit Corona is a smooth and light cigar, a good choice for the inexperienced palate. Grassy and woody, this cigar goes well with a hot drink. We would be happy to recommend this cigar to aspiring cigar smokers, or more experienced palates looking for something easy going.

Punch Punch - €25.00

The Punch Punch has plenty of character and complexity, starting with sweet honey and vanilla flavours, to finish with strong earthy and musk aromas.
